

Motel Owners Are Hopeful Of Return Of Room Tax Fund

Members of the Donner Lake Resorts and Businessmen's Association are hopeful that their meeting with the Nevada County Board of Supervisors Monday, during which they asked that a portion of the four per cent occupancy tax to be assessed against transient guests, could be returned to the area of origin for promotional purposes, will bring results.

Ivan Tofft, president of the association, who headed the seven-member delegation to the meeting, said the board was receptive to their plea and asked that a formula be drawn up for their consideration as to how the tax money could be fairly allocated.

The ordinance, styled after one used in Los Angeles County, Tofft said, was passed without prior knowledge of local motel and hotel owners.

MEET SUNDAY

Tofft said that a meeting of the association will be held at Donner Lake Lodge Sunday at 7:30 p. m. when a report of the meeting with the board, and plans for the future will be discussed. All interested people throughout the area are urged to attend.

The local motel and hotel owners declared they preferred having the fund allocated to the Truckee-Donner Park and Recreation Commission instead of the county board of trade, as proposed, as this would permit local promotion. Currently the tax money is destined for the county general fund and how it can be used locally is a matter of conjecture, but will be thoroughly studied, Tofft declared.

The group also asked the board to request complete repair to old Highway 40 along Donner Lake before it is accepted as a county road next June.

Donner Landmark Destroyed As Fire Hits Ancient Hotel

The Lake View Hotel, a two story landmark at Donner Lake, was virtually destroyed by fire at noon Tuesday. The structure was unoccupied at the time and an investigation is continuing into the cause of the blaze which apparently started in the second story.

Smoke pouring from the building was seen by a passerby who turned in the alarm. The Donner Lake Volunteers responded and called upon the Truckee department to stand by as the blaze had made such rapid headway that both crews were required to bring it under control and prevent it from spreading.

The hotel was managed by Mrs. Virginia O'Beir of Kings Beach until last September when it was closed for the winter.

The building was formerly the Donner Lake Lodge and was situated on the beach at the west end. When a development started several years ago, the 50-year old hotel was moved to its present location half a mile distant and was remodeled.

Tahoe Land May Be Acquired For Park Under Plan

Edward F. Dolder, chief of the state division of beaches and parks is urging acquisition of 2,215 acres of land valued at \$10.2 million at Sugar Pine Point, between Tahama and Meeks Bay, with a 9,200-foot frontage on Lake Tahoe for inclusion in the state park system.

Of the total, 80 acres are in federal forest service land.

The money for the purchase would come from the \$150 million park bond issue approved by the voters last November. After commission approval, the plan will go to Governor Edmund G. Brown, who will ask the legislature for the money from the bond issue.

Project development in the first five years would include 200 camping units, 200 picnic units and beach parking for 100 cars. Ultimate development would include 1,200 individual camping units, 10 group camps, 500 picnic units and parking for 300 cars.

TELEPHONE INCREASE FASTER THAN PEOPLE

Which is increasing faster throughout the world, population or telephones?

If you answered telephones, you're right. According to figures just released by the American Telephone and Telegraph Company, there was an increase of 9.9 million phones throughout the world in 1963, bringing the world's total to 171,000,000.

As a result of the increase, the year ended with 5.3 telephones for every 100 people in the world. This represented a slight increase from the five telephones per 100 people reported at the close of 1962.

These figures were included in the 1964 edition of "The World's Telephone," published by AT&T. All figures are as of January 1, 1964, since it takes a year to obtain and compile the data.

The United States continued to rank first in total telephones with 84,453,000 phones in service. Japan moved up to a second with 10,682,492 and the United Kingdom ranked third with 9,345,000 phones.

THAT'S A FACT

HIGHEST...
THE MOST EXPENSIVE LAND IN EUROPE IS IN LONDON, ENGLAND. IN 1954 1200 SQUARE FEET OF LAND WAS SOLD AT A RATE OF \$30,492 PER ACRE!

LOWEST...
THE CHEAPEST LAND SALE RECORDED WAS THE PURCHASE OF ALASKA BY THE U.S. IN 1867 WHEN SEWARD BOUGHT THE TERRITORY FROM THE RUSSIANS FOR 2 CENTS AN ACRE!

THE DOLLARS...
...YOU PUT IN U.S. SAVINGS BONDS GO TOWARDS YOUR PERSONAL FINANCIAL SECURITY—AND YOUR COUNTRY'S SECURITY TOO!

WHAT'S A GOOD WAY...
...TO BUILD FOR A SECURE FUTURE FOR YOURSELF AND YOUR COUNTRY? U.S. SAVINGS BONDS—THEY'RE SAFE, SURE AND PAY A GOOD RETURN. BUY AN EXTRA BOND TODAY!

While 28 countries reported 500,000 or more telephones, two United States cities, New York with 4.9 million phones and Los Angeles with more than 3.7 million telephones, outranked all but eight of the countries on the list.

The United States with 44.3 telephones per 100 people also maintained its lead in that category. Sweden followed with 42.3, New Zealand had 35, Canada 34.9 and Switzerland 33.9.

Americans have to give way to

Canadians, however, when it comes to talking. The Canadians averaged 597.7 telephone conversations per person in 1963. Iceland displaced the United States as the second "talkingest" nation with 574.9 conversations per person compared to the United States' 570.

The Russians, who have more than doubled the number of their telephones in the last 10 years, now rank sixth in the world in total telephones with 6.5 million but are far down the list in density with only 17.4 telephones per 100 population.

It's interesting to note that there was no report from the U. S. S. R. on telephone conversations per person. Apparently they aren't talking.

First Snow Survey Made At Huysink

The first snow survey this winter on the North Fork of the American River by the U. S. Forest Service at the Huysink Snow Course measured an average of 107.1 inches of snow holding 41.3 inches of water. At the same time last year there was 88.6 inches of snow and 26.5 inches of water.

Big Bend District Ranger Dick Austin said that there is more snow and more water in the snow pack than there was at any time during the last two years. The last year in which there was this much snow at the end of January on the 6600 feet elevation Huysink Course was 1958 when there was 111.7 inches of snow but only 33.9 inches of water, 7.4 inches less water than this year.

Added to the list of cast wearers is Dottie Edwards of Dollar Point who fractured an arm last week while skiing.

A patient at Washoe Hospital in Reno is Gary Henry who is undergoing surgery and treatment for leg fractures suffered last season. Gary is the son of Fire Chief and Mrs. Henry of Tahoe City.

An announcement was made this week by coach Pepi Greimeister, Osvaldo Ancinas and Bud Jones of the Lake Tahoe Ski Club of the selection of the varsity Thunderbird team who will officially represent the club at the remaining two junior point races of the season. The local racers placed so highly in the first two point meets of the season that racers other than those of the varsity team will also be eligible to participate in the final FWSA meet. The first of the two remaining meets will be held this weekend at Mammoth Mountain.

Members of the Thunderbird varsity team are Greg Dorland, Lance Poulsen, Greg Moore, Jon Caulkett, Dick Nielsen, Larry Lindsey, Jim Foeger, Eric Poulsen, Danny Money, Bill Nagle, Mark Rivard, Doug Lindsey, Mark Sullivan, Gary Nagle and B. J. Wallace, all Class I, II and III boys; Vicki Jones, Cheryl Bechdolt and Sandy Poulsen, Class I, II and III girls; Gary Jones, Jim Nagle, Mike Bechdolt and Gary Jones, Class IV and V boys; Cindy Streepev, Marcine Patterson and Patti Tilton, Class IV and V girls.

Local junior ski racers made fine showings in several different meets held last weekend, including Saturday's high school competition at the south shore, the national ski week events held at Heavenly Valley on Saturday and at the annual Coddling Wetzel races held Sunday at Sky Tavern on the Mt. Rose road.

At the Coddling Wetzel event, the local racers swept the Nordic events with Tom Rukhala and Carl Rukhala winning first places in their respective classes in the cross country events and Steve Cross, Bill and Tom Rukhala placing first in their classes in the jumping events. Rukhala racked up the longest jump of the day, eighty feet, and was top scorer for all classes. Others jumping well were Pat Bechdolt, Bill Brehler, Carl Rukhala, Cal Bechdolt, James Long, Jim Bechdolt and Dave Donaldson. Overall winner in the jump event at Heavenly Valley on Saturday was Steve Cross. Also jumping at Heavenly, but in the senior class, was Rolf Wigaard, one of the coaches for the local junior team.

The introduction of the Nordic ski team, viewing films and discussion of the club's special program will feature the meeting of the Lake Tahoe Ski Club, to be held February 5, in the Tahoe Lake school. Wayne Hawkins will preside at the session, to convene at 8 p. m.

Bizz Johnson To Be Honored at Ball

Congressman Harold T. "Bizz" Johnson of Roseville will be honored at the Democratic State Central Committee's gala congressional ball on St. Valentine's Day in Los Angeles, southern California Democratic Chairman Carmen H. Warshaw announced this week.

"Congressman Johnson has done an effective job representing a large and diverse area. We are pleased that he will join us in Los Angeles for this memorable event," Mrs. Warshaw said.

Rep. Johnson, now serving his fourth term in the house, is a former member of the state senate and mayor of Roseville.

The congressional ball will honor California's 23-member democratic congressional delegation. It will be held at 7 p. m. Sunday, February 14, in the Embassy Room of the Ambassador Hotel in Los Angeles.

Chairman Appointed By Assoc. President

The appointment of Mrs. Gladys Clemo, Grass Valley as chairman of the 1965 Nevada County Heart Fund campaign was announced today by Gordon Mannerstedt, M. D. of Sacramento, president of the newly consolidated Sacramento-Sierra Heart Association. The campaign will be conducted throughout Nevada County during the month of February.

In accepting the appointment Mrs. Clemo stated, "The heart and blood vessel diseases are still the foremost health problem in Nevada County and in California, while nationally taking over 900,000 lives each year—more than all other causes of deaths combined."

Subdivision Plans To Be Resubmitted

KINGS BEACH—Plans presented to the Placer County Planning Commission for establishment of a subdivision on 155 acres of land one mile north of Kings Beach by the Denney Logging Company have been referred back to the company. The commission decreed that the maps must show provisions for a green belt, buffer zones and eventual freeway construction before they are considered.

The company acquired the land as part of an exchange with the U. S. Forest Service.

The plans will be resubmitted February 11 and must show adjustments to an adjoining development.

Esquires Appearing at Lake Tahoe Club

CRYSTAL BAY—The Esquires, one of the most exciting lounge acts on the Nevada-Hollywood circuit, star in stage center of the Topaz Room of the Nevada Lodge, North Tahoe's largest, year 'round resort-hotel-casino.

The three Esquires are a dynamic, musically versatile comedy group that has broken records throughout the Reno-Tahoe entertainment circuit!

With Bob Hanna on piano, Joe Martini on accordion and Eddie Bee on bass, the trio romps through a collection of hilarious musical novelty routines; then turns serious for some exciting vocal stylings and instrumentals.

The Esquires hold stage center until the latter part of February.

It is estimated that by the year 2050 most persons will have four names.

Reno Ramblings

By BETHEL

Dennis Ludlow, son of Larry and Peg Ludlow, all now of Roseville but former Tahoe Vista residents, heads for Europe for five or six months. Dennis will teach skiing along with touring the country and seeing the world. Bon voyage, Dennis.

Bernita and Wiley Jones of Brockway spent several days in Carmel before the reopening of the Crystal Bay Club where both are employed.

Madolin Moseley and Virginia Baker of Tahoe Vista were Los Angeles visitors and buyers. Madolin made the annual trip for selecting merchandise for her outstanding gift shop. The shop is closed at present for the usual cleanup and repainting. The Moseleys have the most beautifully kept and immaculate gift shop.

Tom and Theresa Sutton of Walnut Creek were Incline Beach visitors to her sister and husband, Jerry and Johnny Rayburn.

Enjoyed coffee at luncheon at the Mapes with Jerry Rayburn, Theresa Sutton and Renoite, Dorothy Pennock. It seemed like old times, catching up on activities of these and other friends.

The Sierra Winter Stock is planning on presenting "The Mouse Trap" by Agatha Crisby at the Crystal Bay Club in the near future. The Tahoe schools are sponsoring the stock company this year and after an organization meeting will have more details to present.

Jack Knorpp of Crystal Shores was an Oakland and Monterey visitor for several days last week.

Henry and Lucille Jones have

moved from Pebble Beach and are managing Crystal Shores at Incline Village.

Attending the golf tournament at Pebble Beach was Mary Pratt of Crystal Shores.

Mr. and Mrs. A. J. Flagg are taking a three weeks vacation in Hawaii from their Crystal Shores town house.

Married in Reno last week were Sherrill Brody an owner of the Sierra Tahoe and Joy Verner of Santa Barbara. Jack and Darlene Knorpp of Crystal Shores were witnesses to the ceremony. A wedding supper was celebrated at Pfeiffer House where Art and Gwen Wood joined the party.

Writer Erskine and wife Virginia Caldwell, of Orinda spent an enjoyable vacation at Crystal Shores.

Fred and Alysmae Schultz of Crystal Shores spent the weekend at Placerville for the Gold Finding Day with E. Clampus Vitus.

Former '49er Clyde Connor and wife, Mary, of Reno will be guests of honor of the North Lake Tahoe Chamber of Commerce at the Sno-Ball at the Nevada Lodge on February 13th. He will be happy to see other '49ers, announcer Gordy Saltau and Y. A. Tittle who recently retired and Matt Hasetine.

Kings Beach school's kindergarten teacher Barbara Blakenberg is devoting time twice a week to teaching cheer leading to the girls of the 6-7 and 8th grades.

The Darrell Oldhams spent several days at the North Shore while he was organizing a meeting for the magazine he represents. A nice combination of business and pleasure.

Principal Harvey Price, in addition to his usual responsibilities,

is coaching the boys after school in basketball.

The new wing of the school has been moved into by the upper grades with science and shop rooms especially appreciated by teachers and students.

The Chateaux was delayed until February for its opening by Guy Michaels of Christmas Tree fame because of remodeling. A new fireplace with a broiler on one side, so the patrons of the restaurant may see their steaks and chops being prepared, a new position for the bar so the view may be enjoyed, and a new dance floor constitute the main changes.

Ski Magazine, a national publication of Universal Magazine of New York, held a meeting of the ski operators of Lake Tahoe at the Chateaux last week. Darrell Oldham, who is in charge of promo-

tion, for Ski Magazine, from the bay area, was present at the meeting.

Last week we mentioned that Gayle Kaufman was to be a judge at the Miss Sierra Snow Flake contest. We learned that husband is Sam Kaufman of Brown and Kaufman, one of the leading builders in Northern California. On April 7th, Sam is bringing Billy Wilson and his wife, Shirley, to Tahoe. Occasion is the Tahoe Truckee High School Block T annual banquet at which Billy Wilson will be the guest of honor.

At Tahoe City something new has been added, too. The vacancy of Jack and Denny's store has been occupied by Peter Johnson who is operating an unusual restaurant. The Hearthstone is furnished with antiques, many from the Tahoe Tavern and is both attractive and

picturesque. It is nice to know that some of Tahoe Tavern is remaining in the area and makes additional conversation while dining.

Louise Walter of Kings Beach is to be commended for the marvelous work she has done for the past several years, seven that we know of, as secretary of the Women's Club. No one has been more faithful to the club than Louise.

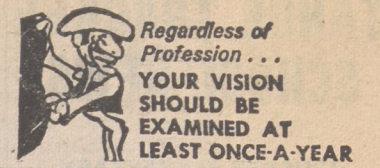

William and Eleanor Egan entertained at dinner at their Crystal Bay home in celebration of birthday of Pearl Draney, January 29th. Jane Tenneson, February 6, Deede McKenzie, 28th and Clark McKenzie on February 13th, who shares

the same birth date with Ted Draney. Jack Tenneson was also a guest.

Met Stan Parsons, former Kings Beach resident and former summer vacationer at Tahoe Vista, now a Renoite, who is assistant circulation manager of the local newspapers.

The Women's Society of Christian Service of the Methodist Church in Kings Beach gave a Spanish American luncheon February 3rd in the Fireside Room. Louise Anderson and Fran Tompkins were co-chairmen, while Candy Van Hooser did the decorations. Laura Wil-

Mr. and Mrs. C. C. Grisham of Incline recently returned from a wonderful two week vacation in Texas. They stopped in Lubbock to visit with their son, Eddie, who is attending Texas Tech. They went on to Olney to have a family reunion with her folks, Mr. and Mrs. John Sparks and her sister, Martha, from Dallas. Their son, Jim, also came down from the University of Oklahoma to be in on the festivities.

Jim is one of the football players from the U. of Oklahoma who signed with a professional team, the Minnesota Vikings, too soon, and therefore lost his eligibility to play in the Southern Bowl games. He was invited and did play in the Hula Bowl in Hawaii though. Later the Grishams visited with his folks and family in Galveston. They took the southern route home and did some more visiting in the Los Angeles area.

One more tragedy of the snow—Dan and Faye Dean had worked so hard all summer on their new house, put so much time and money in on it. Dan shoveled their present house one evening a couple of weeks ago and it got dark and he got tired. He decided to shovel the new house the next morning. Well, at 5 a. m. the roof collapsed. They have estimated that the repairs will cost about \$500.

Along those same lines there are a number of houses that are in a very real danger of this same thing. The snow is heavy and packed now and not melting very rapidly. There are some houses that I have seen that still have 5 to 6 feet of snow on the roofs. Many of these houses are not built to withstand this quantity of weight of snow.

The toll of collapsed roofs is going to be much higher if people don't do something about getting their roofs taken care of. The most tragic parts of this is that many of these homes belong to summer residents.

Happy birthday to Deede McKinney and Larry Murphy on January 28th.

Speaking of the snow conditions as they are this year, I have heard

complaints about the Mt. Rose road being closed so long. I personally think the highway department did a tremendous job in getting it cleared as rapidly as it was. They began on January 9th and worked 16 hours a day straight through until January 22nd to clear it. As an example of the tremendous size of the job, one day they put in their 16 hour shift in order to clear slightly less than 100 feet. There were places where the drifts exceeded thirty feet. But the thing that really finished the whole story—the Mount Rose road was opened the morning of January 22nd and closed the afternoon of January 23rd—the whole process had to be repeated.

Miss Linda Draney and Miss Nancy Mitchell are recent entrants in the Miss Sno-Flake contest, the finals of which are to be held in the Topaz Room of the Nevada Lodge on February 13th at the Sno-Flake Ball. Tickets are available at various places about town. Anyone with cabin fever—here is a tremendous event to attend with the excitement of a beauty pageant plus the entertainment of dancing and friends.

Harold Tiller has sure made a month of it. First he and family journeyed to St. Louis to the nuptials of daughter Linda and last week he caught a 5 pound 21 inch rainbow trout. What a month!

The Optimists postponed the induction of new members as previously reported until last Wednesday night, January 27th. By this

time they had collected a few more and instead of eleven they presented 17 for membership. They were: Monty Parzell, Dick Newton, Frank Wright, Mike Kovall, Joe Ogden, Robert Lee, Fred Schultz, Bill Owens, Jim Height, Dale Hallum, Quentin Brown, Gary Adams, Lonnie O'Neil, Pete Paxton, John Leinert, Gene Fowler and George Glead.

The Cancer Dressing Station, sponsored by the Order of Eastern Star met Tuesday, January 26th at the Kings Beach school. Those attending were district chairman Elmay Philippi of Truckee and Dorothy Corbin, Gladys Thorwaldson and Margaret Christiansen of Kings Beach. They learned the basics of preparing the bandages. This is a worthwhile project as there are many cancer patients in the area extending as far as Auburn and Sacramento who vitally need these dressings and are unable to pay for them. In the past it seems that this area was able to prepare its own needs but lately the San Francisco area has been rounding out the number needed. This is not exclusively an Eastern Star project. They would like and need all of the help they can get and the support of the entire community. Anyone wishing to attend or support this group is urged to call Margaret Christiansen at 564-3578. Or just attend the next meeting the last Tuesday in February at 7:30 at the school. Bring scissors, white thread, needles and a tape measure.

Women's Club elected officers Monday, January 25th. They are as follows: President, Eleanor Egan;

Vice President, Artis Burrell; Secretary, Deede McKinney, and Treasurer, Mildred Ricks.

Pearl Keintz celebrated her birthday on February 5th.

Louise Walter is recovering from the flu which prevented her from attending the meeting as secretary of the Women's Club last week.

Inez Jordan is another birthday celebrant this week.

The Jim Newluns traveled to Ventura Sunday the 24th through the 28th to attend the funeral of a good friend in that area.

Quentin Roosevelt, the youngest son of Theodore Roosevelt, was the only presidential son killed in action for his country.

How to keep a resolution to save money this year

Put your will power to work on other resolutions. All you need to save money is the Payroll Savings Plan.

You just tell your employer you want him to keep back a small amount from each paycheck and put it towards the purchase of U.S. Savings Bonds. Then sit back and watch as the Bonds roll in.

The beauty of the Plan is that you aren't so apt to miss the money

you're saving when you never see it in the first place.

Millions of Americans save big money this way, so you know it works. Their dollars are a big help to Uncle Sam, too.

Get started while your resolve is still bright and shiny. Next year at this time you'll have a nice nest egg and one less resolution to worry about.

NEWS FROM DONNER TRAIL

By Betty Kielhofer

A very nice evening was shared by the employees and friends of Bob Gebhardt a few eves ago. He and his wife, 'Salty', hosted a wonderful dinner at the River Ranch and left absolutely nothing to be desired. Here's a young fellow who is really on his way in the contracting business. Salty, whose real name is Clunette, was a most congenial and untiring hostess, even though she should have presented Bob with a new heir or heiress by the time you read this. The view from the cocktail lounge is truly outstanding with the Truckee river rushing by at a dizzying pace.

Gladys Dolley and Roy Waters both gave an interesting accounting of their recent visit to Las Vegas, along with their respective spouses and several others in attendance at a Lions convention. They stayed at the Sahara and came home quite impressed with this fabulous city.

Col. Bob Moist is busy reorganizing the Truckee Squadron of the Civil Air Patrol. He has hopes of establishing a first class rescue team for the area. It will be a senior squadron, meaning 21 years of age or more and their one mission is search and rescue. Good luck, Bob, to a worthy cause.

The town has been absolutely over-run with college students this past two weeks on their semester break. It's real fun to watch the rapid changes take place in all the local boys and girls. They just seem to "grow up" over night.

If you're having a VIP dinner some evening soon and want a very special treat for your guests, call Jo Dent and order quab. She delivers them for friends living in the Auburn area who raise them for commercial purposes. They're out of this world!

Robert Cummings flew into our airport Friday and out again on Sunday. He's interested in the development at Twin Peaks, which Art Linkletter has been promoting. We hear several big Hollywood personalities are coming into this venture. Jim Catlin, the operations manager at the airport, said he spent an hour or more on Sunday 'hanger flying' and eagerly showing those present his beautiful twin Aztec. It's the same one you see him using on his TV show.

Mammoth Mountain will hold the FWSA Junior Point races for Classes 1-V February 6-7.

The Compolido Ski Club of Orinda will be spending the weekend at the Donner Ski Ranch.

With so much snow this season, the new alpine platter lift at Plavada Hills and their T-Bar and rope tows have been operating right along. The vehicle rise of the platter hill is 150 feet and is 1,000 feet long making it ideal for beginners and advanced beginners.

The ski school is under the direction of Jim Withers with Phil Gross as co-director. Jim Campbell is manager of the fine quality ski area, visible from the interstate 80 freeway near Kingvale.

SIERRA SKIING

By VI WHITE

A nice sunny weekend greeted skiers last weekend as thousands came to the snowy slopes for some outdoor recreation.

At Yosemite National Park's Badger Pass ski area it was shirtsleeve weather where the northern California and Nevada and southern California ski writers got together. The second annual Barrel Staves competition Saturday was won by the North this year and Carson White made the best time of the day on the slippery curved slats, 16.6. Being able to maneuver on the things is mighty tricky especially going through a series of gates. Each team had eleven racers, but with only six barrel staves for each side, it was necessary to ski down, then quickly get back up and get them fitted on another team mate.

Other members from the north who raced in order of their times were: Fraser West, Hal Roberts, Miles Ottemheimer, Macie Marcus, Phil Marcus, Don Thompson, Art Rudd, Vi White, Walt Roesing and Dick Dahl. Dick had the most fantastic run that took 91 seconds to cross the finish line, he practically crawled through all the gates, but he made it! Spectators howled at the funny slips.

The Ski Writers Class A Slalom was held on Badger Hill Sunday morning. Georgene Bilham of Bakersfield, a member of the Ski Club Alpine, received the women's trophy with a combined time of 1:28.3.

The annual Grudge race between the Alpineer and Viking Ski Clubs will be held at Donner Ski Ranch February 6. The Giant Slalom al-

RECORD ENROLLMENT IN SCHOOLS OF STATE

SACRAMENTO — (CNS) — One out of every four residents of California has been enrolled in the public schools during the current semester, as a new record enrollment of 4,925,615 was reached, the state board of education reported.

In Nevada County, enrollment totaled 4713 for the current semester, an increase of 232, or 5.2 per cent from 1963.

Despite the big increase in enrollment, as expected, it was a lower percentage increase than last year. The gain of 224,579 students throughout the state this year amounted to 4.8 per cent, compared to a gain of 5.6 per cent a year ago.

Our Donner Lake Volunteer Firemen spent a busy day Sunday at the fire house, panelling the walls in the new stall. They all put in a full day's work and are getting it in fine shape. The work crew consisted of Bill Randall, Tom Bonano, Harry Weiler, Sky Miles, Jack Boren, Bill Knapp and Nick Van Sickle.

The Donner Lake Resorts and Businessmen's Association will meet Sunday, February 7 at the Donner Lake Lodge at 7:30 p. m. We will continue our discussion from a previous meeting on snow removal, the motel tax ordinance, sewer problems and other important projects. Let's all be there.

How do you like that cute G. T. O. Sky Miles is driving these days? Watch that speed limit, Sky.

Our trout season at Donner opens in two months so now is the time to start preparing. President Bill Davis is urging everyone to attend the meeting of the Truckee Outdoor Sportsmen at 8 p. m. Friday to hear officials explain plans for the coming fishing season.

A group of Donner Lake and Truckee business people attended the meeting of the board of supervisors in Nevada City Monday. Details of this meeting will be presented at our meeting February 7th. Those attending were Ed Aweeka, Ivan Tofft, Joe Corro, Jack Marquette, Marcella Corro, Betty Cole and Harry Weiler.

Wife of Slayer Sues For Annulment

AUBURN—The wife of one of the three men convicted of the slaying of California Highway Patrolman Glenn W. Carlson on November 1963, has sued for annulment.

Mrs. Emma Ruby Mealman, claims that Roger Mealman who married her in Reno in 1958 fraudulently represented himself as a law abiding citizen and that she was kept ignorant of his criminal record. Mrs. Mealman also contended that at the time of their marriage Mealman did not intend to live with her.

She said that she left him July 14, 1959 after learning of his criminal record.

Mealman, Robert Lee Burns and Clifford R. Toyen, Jr. were sentenced to life imprisonment for the slaying of Carlson near Donner Lake, as he attempted to question them while they were fleeing from a Sacramento bank robbery.

A business visitor in San Francisco this week is Don Lindstrom of Tahoe Sierra Estates.

men are fighting a blaze at Lakeview Hotel. This should be a reminder to have all our fire hydrants shoveled out and ready for use. Some of them are under eight feet of snow and this could prove disastrous in case of an emergency.

Business Leaders In Doubt On Economy

California business leadership is cautious in predicting an economic surge in 1965 largely because executives are concerned over possible rising costs of operating and the detrimental effect on business of any new state governmental spending and additional taxation.

This is the conclusion of a California State Chamber of Commerce reported based on a survey of 350 heads of key firms representing a cross section of business, industry and agriculture.

Clark Galloway, state chamber general manager, reported that 53 per cent of the firms polled believed there would be an improvement in business over 1964; but 37 per cent looked for no perceptible change and 10 per cent expected a decline.

Nearly half of those responding believed there would be no increase in capital investments for plant and equipment.

Icy Road Is Blamed For Accident Rash

Frozen fog on the freeway, five miles east of Truckee was blamed for a rash of motor vehicle accidents Saturday morning which sent five people to the hospital, overturned a gasoline truck and trailer and wrecked seven or eight cars, including a California Highway Patrol vehicle.

The pileup occurred about 7:30 a. m.

The most serious of the accidents occurred when a car driven by James Evans, 41, Suisun City, collided with a pickup operated by Valencio Ravera, 55, Broderick. Both drivers and Mrs. Louise Ravera, 40, and their son, William, 15, were taken to the Tahoe Forest Hospital.

Donald Young, 26, Reno, was hospitalized when his car crashed into the icy snowbank.

A huge tank truck and trailer overturned when the driver, Loren Frederickson of West Sacramento attempted to avoid the cars on the freeway and steered his vehicle into the dividing section. He was not hurt.

The patrol car, which had been parked and flares placed behind it by Patrolman Glenn Virus, was knocked 90 feet when it was struck by a car driven by Edwin L. Holstrom, 62, of Oakland.

OTHER ACCIDENTS

Jimmy F. Sparks, 26, Crystal Bay, was taken to the hospital Saturday at 2:30 a. m. after his car and one driven by Joseph C. Perry, 24, San Francisco collided on Highway 28. Sparks was cited for being on the wrong side of the highway.

John P. McNulty, 16, Saratoga and Nathan L. Topol, 28, Tahoe City, were injured Saturday at 7:50 a. m. when their cars collided near Tahoe City in the fog. McNulty was cited for traveling at an unsafe speed and being on the wrong side.

Donner Sewer

(Continued from Page 1)

event this project materializes, the local system could be tied in, with a cost sharing agreement.

Nearly a score of Donner Lake property owners attended the meeting and gave almost unanimous approval of the action. However, Parker Adkisson, representing the Donner Lake Development Company, said he felt that many residents would oppose costs involved and suggested that further study of other plans of financing be considered before a bond election is held.

The cost to the average property owner, it was pointed out, would be possibly as high as \$1500 for each connection. Of this amount, a charge of \$465.00 would be made for the mains, pump and disposal system. This could be financed through the sale of general obligation bonds, while \$1000 would be required for bringing the service lines to the mains. This cost could be paid through the sale of revenue bonds over a period of from 15 to 20 years.

Dan Cook, Don Gillett and Ralph Stowell represented the engineers for the district at the meeting. Donald Anderson, who last summer made the survey of the North Tahoe area for Engineering Science, also attended as did representatives of the Nevada Health Department, the Sierra Pacific Power Company, William Layton of the Tahoe City Public Utility District and William Briner, supervisor of the North Tahoe area on the Placer County Board.

Application has been made for federal assistance in constructing the North Tahoe system and providing this money is forthcoming, it was agreed, the Truckee district would be embraced in the overall system and would plan accordingly, omitting the disposal plant and increasing the size of the main lines from Donner Creek to the disposal area from 18 to 36 inches to handle the volume expected.

All at the meeting agreed that steps to correct a growing problem are necessary and board members and others are working toward the best solution at lowest costs.
